DIRECTOR

**Taylor-Dejongh**

**Professional Experience:**

Mr. Sachs has over 15 years of experience in project finance, as well as advising corporate and government clients with mergers and acquisitions, restructuring, private equity, and direct equity investments in the energy and infrastructure sectors. He has led large, multi-disciplined teams in successfully originating, managing and closing transactions totaling over US\$4 billion in value in the Middle East, North Africa, Asia and the United States. He has been responsible for all aspects of transaction management and execution. Mr. Sachs was also an Adjunct Lecturer on Project Finance at Georgetown University.

He is currently leading advisory teams to: raise capital for an oil shale development company; develop and finance a captive power plant in the U.A.E.; advise the Government of Jordan on financing the relocation of the Port of Aqaba; assist an international oil company with a bid for a oil concession in Latin America.
